Experience

The Kimmel Cultural Campus

May 2022

Intern under Director of Digital Marketing

I worked with the Kimmel Cultural Campus team to redesign their homepage and purchase path. I used Adobe Photoshop to create a mockup that I then presented to the web development and marketing team. During my internship, I learned to work in a team and receive and incorporate feedback into my designs.

Lucy Vinvent Beach

May - July 2022

Gate Gaurd

As a gate guard, I managed the beach by checking visitors' passes, cleaning any trash found, maintaining bathroom facilities, and setting up signs and equipment. Customer service was my focal point throughout my entire day.

Red Cross Club

September 2021 - June 2022

Co-Founder and Leader

My friend and I started a community service club in association with the Red Cross to help our communities. This service included fundraising and packaging food for those in need. I was also in charge of leading discussions and managing communications.

“The Falcon” Journal

September 2021 - June 2022

Design and Art Director

I lead the creative direction of my High School journal which involved me designing the website, creating graphics, and managing other artists and photographers.
